Environmental Impact Statement

Scoping Comment for the Proposed Canadian National Railway Company Acquisition of the Elgin, Joliet and Eastern Railway Company

STB Finance Docket No. 35087

Comment Form

00238.010908. SCHWARTZ. PCTB. 60010. O.N.C.F

How Do I Submit Comments?

- **Written Comments:** Complete and submit this form at the public open house scoping meeting, or follow the directions on the reverse side of this sheet to mail your comments.
- **Recorded Comments:** Provide your comments to a member of the project team or court reporter at this public open house scoping meeting, or call the toll-free project information line: 1-800-347-0689.
- **Electronic Comments:** Submit electronic comments by visiting the Surface Transportation Board's website, www.stb.dot.gov, under the heading "E-Filing."

Please refer to STB Finance Docket No. 35087 in all correspondence addressed to the Surface Transportation Board. Comments must be submitted by February 1, 2008.

Already with the existing traffic on the EJE line through the Deer Park/Lake Zurich area, the train horns blow at 4:00 AM in the morning, significantly reducing quality of life. Adding 4 times the traffic along this line is likely to make living in my community VERY unpleasant, which is VERY disappointing, given we just moved into this home in Spring '07. Couple all of this with the traffic congestion/grid lock along many arterial roadways that run through the Northwest Suburbs that will result. Why do we want to support a dying steel industry here in Chicago?!! ~~Additionally, that~~ we also have to think about the environmental impact if there was ever a disaster and the impact of chemicals in all of the wetlands and the well water we all rely on. What's next, a Nuclear Reactor!!?

What scoping meeting did you attend? (Please circle): Mundelein, Barrington, Joliet, Matteson, Gary, West Chicago, Chicago.

Name: Jeff & Genny Schwartz

Address: 23890 Lancaster Ct.

City, State, Zip: Deer Park, IL 60010

Date: 01/09/08

YOUR INPUT IS IMPORTANT!

Comments provided by the public help determine the scope of the environmental review.
